

→ *MATH PLACEMENT EXAM REMINDER* ←

The last day to take a proctored online math placement exam (MPE) is August 12 for placement in MATH 131 (Calculus I) or MATH 119 (Precalculus) in the fall. Proctored sessions of the online MPE are available Monday, Wednesday, and Friday at noon this week, and starting next week, proctored sessions are available Monday-Friday until August 12.

You are required to take a proctored online MPE if you are in a major or minor that requires MATH 131 or if you are pursuing a Navy scholarship which requires MATH 131. More information about the MPE, who needs to take the MPE, and how to schedule a proctored online MPE is in the Math Readiness Program on the Citadel Canvas.

Please email Professor Myrick at mmyrick@citadel.edu with any questions.
